

APAA 2016 – Bali, Indonesia

Event	APAA- Asian Patent Attorneys Association – 66th Council Meeting
Date	Sat 08- Tue 11 October 2016

Conference location

Bali is an exotic island and famous for its surfing, nightlife, hippy culture and hindu temples. It is also an island of contrast, on one hand there is the high-class Nusa Dua, the spiritual Ubud and Seminyak for upmarket evenings. In contrast the Benidorm-like Kuta, is a popular destination for Australia’s package holidays and European back packers, it’s worth avoiding at all costs unless you want to party party party? The conference is to be held at Nusa Dua, a more pleasant and very lush resort on an impressive sandy cove.

Rest and Relaxation

We **strongly** suggest you consider tacking on a couple of days in **Ubud**. This is located in the centre of the island, both the spiritual centre and a hippy magnet, with lots of yoga on offer. This is a very beautiful and peaceful hilltop town set among the rice paddies, lush gorges and sacred forest full of monkeys. There are many world class hotels here, with numerous spas. It would be a shame to miss out having travelled so far, we guarantee you will be glad of the extra days spent here, Ubud is a magical and relaxing place.
